# Crieff High School

## Travel Plan 2025-2026

**Education and Learning**  
Improving Lives Together  
Ambition | Compassion | Integrity

## Introduction

Crieff High School currently has a roll of approximately 620 students and is one of four schools in Crieff.

## What is a School Travel Plan?

A travel plan is a document which encourages people to travel to our school in a sustainable, healthy, and safe way. The travel plan adopts the hierarchy approach as shown in the chart below. This supports walking and cycling as the most sustainable forms of transport.

Although walking and cycling are an excellent choice for the environment, and improves air quality at the school gates, there are lots of other benefits too.

**Fitness** - Leaving the car at home and walking or cycling to school will provide great health benefits for all family members.

**Road safety skills** - Being able to make the journey on foot or bike will provide ideal opportunities to learn essential road safety skills that many young people who travel by car do not have.

**Social skills** - Walking to or from school, provides a fantastic opportunity to talk, either pupils talking to their friends or their families.

**Safety** - More people walking and cycling means less cars on the road and in the school car park and surrounding areas making a much safer environment for everyone.

**Overall Aim** – to create a safe journey for those travelling to Crieff High School.

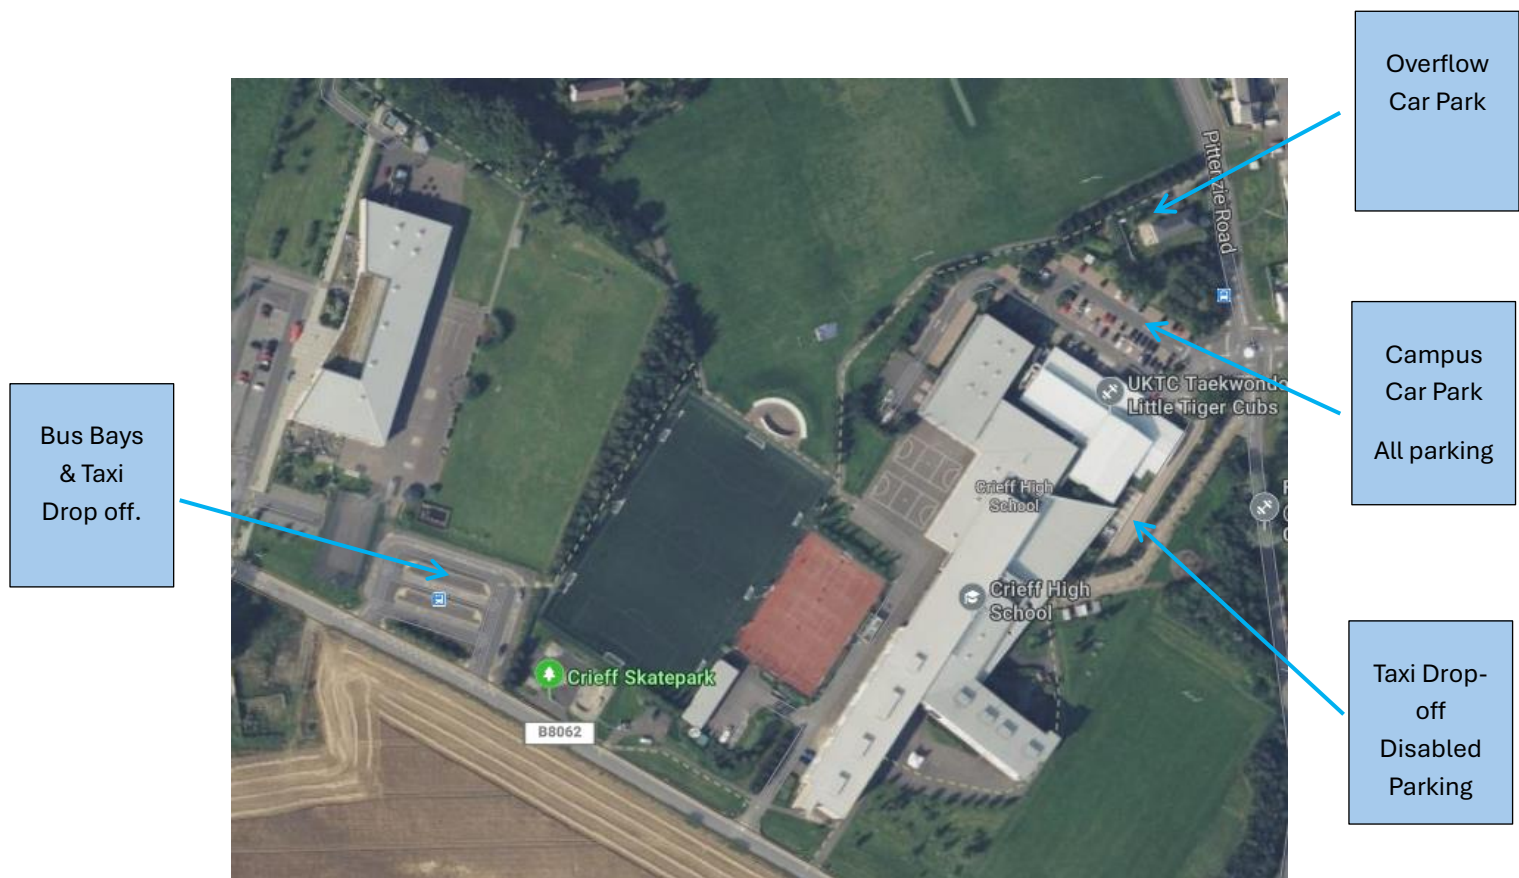

## Free School Transport

Free school transport is available to pupils attending their catchment school and living more than three miles (secondary) from the school measured by the shortest available walking route.

The Perth and Kinross Council Travel Policy for Schools and Travelling to School Information Booklet are available online at [www.pkc.gov.uk](http://www.pkc.gov.uk)

For more information and to apply for free school transport online please visit [PKC website](http://www.pkc.gov.uk).

## Site Plan

## Travelling to Crieff High School

Car/Car Sharing - There are no drop off points located on or outside the school grounds. We would therefore recommend that those young people travelling to school by car, park, and stride.

## Free school transport / Public transport

Young people entitled to free school transport to Crieff High School, will receive additional information from the Public Transport Unit detailing the specific arrangements for collection and return each day. Your young person will be issued with a bus pass each academic year, if they lose this you can order a replacement on MyPKC.

The school buses will drop off young people in the bus bays which lead directly onto a pedestrian pathway into Campus. Taxis will drop off young people at the bus bays also or on arrangement at the disabled parking bays at the front of the Campus.

## Cycle

There is no designated cycle path to the school or on the roads surrounding the school. We would actively encourage young people to cycle to school following the highway code and utilising safe routes. Before you cycle to school, we recommend reading the Bikeability Scotland - Cyclist's Guide Level 2. Please wear appropriate high visibility clothing and safety equipment.

On arrival at Crieff High School bikes can be stored in the bike shelter at the front of the Campus or in a bike rack at the pupil entrance at the rear of the Campus. If storing bikes in the bike shelter, please remember to bring your own bike lock.

## Walking

When walking, young people should make sure that they follow the walking rules:

- Always walk on the pavement or footpath if there is one
- Walk as far away from the kerb as possible.
- When walking near roads make sure that you are not doing anything that will distract you, such as texting on a mobile phone.
- To be safe on the road you need to use the Green Cross Code.

## Arriving at school

All pupils must access school via the rear of the Campus, entering the canteen area.
